The KOOL Kit has key benefits for families, friends and colleagues: it provides 72-hour support for 1 person; it has a long shelf-life (most kit items have a 5-year or an unlimited shelf life); it's economical (at only \$30, the KOOL kit costs less than what you might spend assembling a kit on your own AND it saves you time); and, the KOOL Kit is packed in a bag that can be used to keep things KOOL! (A cooler/lunch bag.)

Improve Your Kit

Bon Appétit - These portable food bars can give you the recommended calorie intake for two days. They aren't the tastiest food, but they will last in your kit for 5yrs (longer than your chinese take out) and help you survive when your local bistro isn't open during the next disaster.

\$5.50 each - F4110 (\$94.50 per 20)
